Bob

As we discussed, I will only need 2 hard copies to be sent to me at EPA and the electronic version sent to me.

Thanks

Subject: Number of Copies for HHRA and ERA - Falcon Refinery RI/FS
Brian:

Our Work Plan provides the required numbers of electronic and hard copies of the various deliverables. It states that 10 hard copies (3 to EPA, 3 to TCEQ and 4 to the trustees) and 10 electronic copies (3 to EPA, 3 to TCEQ and 4 to the trustees) are required for the human health risk assessment (HHRA) and screening level ecological risk assessment (SLERA) for the Falcon Refinery site. We want to confirm the number of copies that EPA wants for the AOC-4 and AOC-5 HHRA and SLERA. There will be four stand-alone documents submitted (AOC-4 SLERA, AOC-4 HHRA, AOC-5 SLERA and AOC-5 HHRA). We do not want to overwhelm you or the EPA system by submitting more copies than you want. Please let me know the number and types of copies you prefer for these submittals.

Thank you,

Bob Owens
